

April, 2020

Enviroblind is open for business as our products and services are essential for the security of residential, commercial and industrial locations.

The health and safety of our customers and employees is our primary mission. To accomplish that, we are taking the following precautions to prevent the transmission of coronavirus when our team members visit a customer location:

- No physical contact is permitted.
- Maintaining six feet of physical space between individuals when possible.
- Our employees will wear N95 or surgical masks and gloves at customer facilities and when fueling vehicles.
- Following all Centers for Disease Control and Prevention (CDC) guidelines and best practices.
- Using hand sanitizer before, during and after entering homes.
- Washing hands for a minimum of 30 seconds.
- Not allowing sick employees to report to work.
- We will remain outside of the home at all times when possible.

We wish you and your family health and safety during this challenging time. Please call us at 800-635-5775 if we can be of any assistance to you and answer your questions.

Sincerely,

James Frazier
General Manager
